

# Emotional Care for People Affected by Cancer

HeadwayHealth provides confidential psychological interventions & strategies based on empirical research which may improve your quality of life & well-being. Our Clinical & Consulting Psychologists assist adults, children & families throughout treatment & recovery.

- Dealing with changes to health & lifestyle
- Anxiety, stress & fear of recurrence
- Depression/low mood
- Chronic pain, fatigue & sleep difficulties
- Enhancing relationships & communication
- Intimacy & body image
- Decision making regarding treatments
- Familial cancer risk
- Living with loss & grief
